Full-stack web developer and Zoho CRM consultant with 3+ years shipping production websites and CRM automations for real estate, construction, SaaS, and healthcare clients — 15+ end-to-end CRM implementations, 5+ production websites, 50+ projects delivered. Also the creator of PikFinder, a design-assets and micro-tools platform built and shipped end to end.

EXPERIENCE

Zoho CRM Consultant & Full-Stack Web Developer — Annex Infotech June 2023 – Present

- Delivered 15+ end-to-end Zoho CRM implementations — custom modules, workflows, validation rules, Deluge automations, and Canvas views — for clients in real estate, construction, and SaaS, saving each client team an average of 10+ hours a week.
- Designed and shipped 5+ production websites and business portals in WordPress and modern JavaScript, owning the full UI/UX-to-deployment cycle.

Independent Web Developer & Zoho CRM Specialist — Freelance Sept 2025 – Present

- Freelance web design, development, and Zoho CRM/Creator automation for clients directly, taken on alongside the role at Annex Infotech.

Creator — PikFinder July 2026 – Present

- Founded and launched PikFinder — a design-assets and micro-tools platform — owning product strategy, UX, front-end development, and SEO content, solo, with organic search as the primary acquisition channel.
